DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.
- 2. Claim 1 is rejected under 35 U.S.C. 102(a) as being anticipated by Ogg et al., US 6,868,406 or Finch et al., US 6,750,885. For Ogg see the abstract and the claims and related text/drawings. For Finch see the abstract and the claims and related text/drawings, e.g. Figs. 14-16.

Claim Rejections - 35 USC § 103

3. Claims 1-7 and 22-24 are rejected under 35 U.S.C. 103(a) as being unpatentable over Gross et al., US 6,721,716.

For Gross see the abstract, biller 124, biller server 126, and the claims and related text/drawings.

The term biller does not provide any line demarcation over Gross. Official Notice is taken that having First and second permission levels to access different data with invoice related art has been common knowledge in the art. To have used such access levels with Gross would have been obvious to one of ordinary skill in the art in view of this common knowledge. Applicant's REMARKS have been reviewed, but are moot in light of the new grounds of rejection.
